### **DETAILED ACTION**

Applicant's amendment has been received and entered in the case. The amendments and arguments presented therein overcome the informality objections, the indefiniteness rejections and the prior art rejections, and therefore, these are withdrawn.

#### ***Drawings***

1. The replacement drawings were received on 11/30/06. These drawings are acceptable.

#### ***Claims Withdrawn***

2. Newly submitted claims 17-21 directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

Claim 17 reads on Fig. 29, while

claims 18-21 read on Fig. 32 combined with Fig. 10;

these claims constitute different species from that of the originally presented claims (1-16) whose parent claims read on Figs. 32 or 38, combined with Fig. 33.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 17-21 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

***Allowable Subject Matter***

3. Claims 1-9, 11 and 14-16 are presently allowed.

***Conclusion***

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
